

World History

Chapter 9, sections 1-4

Classzone.com Audio Summary Questions and text vocabulary

On another piece of paper, take notes on each section using the online audio summary. Then answer each of the questions. Read the correlating section in the textbook and explain, identify, and define, as appropriate, each of the vocabulary terms and names. These will not be dictionary definitions. Please explain fully the information given in the text related to each term or name. I recommend completing the notes, questions and vocabulary one section at a time.
